

About yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

Hello Everyone! My name is Ben (the 3rd) and I'm a cis gender single gay man (he him, they them), who recently moved from Devon to St Leonards-on-Sea. I am really happy to be joining Anderida.

This is a career change for me (from Legal Dispute Resolution) although I have some experience as a respite Foster Support carer for a family in Hackney. I'm also in my final year of training to become a Talking Therapies Counsellor, volunteering in Addiction Services in Hastings.

I am a massive fan of anything water based - kayaks, SUPs, swimming in all seas, rivers, pools, lidos in all temperatures. Decent cook, but terrible washer upper. Looking forward to meeting you all.
